Thank You!

We thank those who care about our ministry.

This ministry cannot operate effectively without the caring contributions of our friends. Besides those who have donated either time or money (or both), there are many others who, even without knowing, have cared enough to donate, or otherwise make available, intellectual assets, such as sermons, articles, music, and other works. This is a partial list of those who have played a part in providing music and other works for you to enjoy on our radio stations. Many, many, thanks to those who have placed in public domain, or given consent to use, beautiful messages for your enjoyment.

We have tried to include only material that is in the public domain or for which we have obtained, or attempted to obtain (tacit consent), the copyright holder's permission. Public domain includes material which was never copyrighted, has passed the copyright expiration period, or has been donated for public use.

In some cases we could not fully trace the origin of a work, but, because of its source, it is believed to be in the public domain. If we have inadvertently included a work with a copyright still in force, please let us know so we can remove it. If any copyright infringement has occurred, please be assured it was unintentional. This website is entirely non-commercial, and generates no income, freewill donations excepted. It is not officially sponsored by any church or denomination. Its purpose is to provide a worship environment and teaching resource.

Thank you to our talented musicians and speakers. For practical reasons, this can only be a partial list:
